

Accessibility commitment

The Cassidy Dental website provides accessible, inclusive and usable content for users with technical, visual, perceptual and physical difficulties. Content, features and navigation conform to web accessibility code of practice as outlined in BS 8878:2010 published by the British Standards Institute (BSI) and Web Content Accessibility Guidelines (WCAG) published by the World Wide Web Consortium (W3C) group where beneficial to users, pursuant to The Equality Act 2010.
