

It is our policy to keep our prices fair and realistic so that you can benefit from the high quality and long lasting treatments you deserve.

Before starting on any treatment, we will explain and discuss the range of options open to you, and help you decide which is best suited to you, your budget and your lifestyle.

We appreciate that you might like an idea of how much your treatment would cost before you book an appointment with us so we have listed approximate prices below as a guideline. Based on your decision, we will then provide you with a full quotation in advance, ensuring there are no nasty surprises when you receive your final bill.
