

Dentist referral service

The dentists at Cassidy Dental offer a range of referral services to referring dentists across Northern Ireland, as well as general and cosmetic dentistry to our own patients. Our referral services include dental implants and adult braces.

You can be sure that a referral to our practice means that your patients are in excellent hands, and will receive the highest level of clinical and customer care.

We see our relationship with our referring GDPs very much as a partnership. We are happy to discuss any cases with you if you would like advice before deciding whether to refer.

We do our utmost to make the referral process as quick and easy as possible for you, and keep you informed of our progress at every stage. We are here to help you when you need it and to then return your patients to you for their ongoing dental care.

Please use our online referral form to refer your patient to us. Alternatively email info@cassidydental.co.uk or you can make a referral over the phone by calling 02879 631924.
