

We want you to feel happy and confident with your smile. A healthy, natural, beautiful smile boosts confidence and self esteem and enhances your social and professional image.

It is important to take care of the health of your teeth and gums and with that in mind we place strong emphasis on regular dental examinations and preventive care.

We have the solutions to all smile imperfections from minor, subtle corrections that can make such a difference to your appearance, to a completely new look smile.

If you are self conscious about your smile because of any of the following imperfections, we can guarantee a solution that will have you smiling again with confidence:

- Stained or yellowing teeth
- Missing teeth
- Crooked teeth
- Chipped or cracked teeth
- Gaps between teeth
- Teeth appearing too long or too short
- Gummy smile - showing too much gum
- Uneven gum line
- Black lines around crowns

After talking with you to establish exactly what you would like us to achieve, we will put together a treatment plan to suit your needs, budget and lifestyle.
